Summary

Seeking employment that would afford me the opportunity to apply my skills in the field of web development. Specifically looking to join a company that offers me the ability for professional growth. I am an extremely motivated, detail oriented individual with innovative and creative ideas.

I have over fifteen years of professional experience working in the graphic and web design industry. I specialize in a unique balance of highly functional, but aesthetically pleasing creative practices and employs many of the processes to deliver innovative user experiences that bring about measurable business results.

When I'm not at work...

My family is action packed with three kids, but these activities help to keep my sanity:

Playing hockey, playing the drums, bingeing Caribbean Life and infrequently brewing beer.
